Call-for-Abstracts

Annual Review of Territorial Governance in the Western Balkans, 2021, 3rd Issue

Through this call, we invite all interested researchers to submit abstracts for publication of papers in the 3rd issue of the Annual Review of Territorial Governance in the Western Balkans, 2021.

The Annual Review of Territorial Governance in the Western Balkans is published by Co-PLAN and POLIS University on a yearly basis, in print and online versions (<http://www.co-plan.org/en/tg-review/>).

The published articles are select policy briefs on matters related to territorial governance, sketching the present situation, the Europeanisation process, the policy and the research and development agenda for the near future. The publication targets policy-makers and policy-influencing actors and focuses on issues such as spatial planning, environment, climate change and resilience, energy, transport, cultural heritage, municipal finances, regional development, governance, etc.

Theme

The articles may propose authentic solutions to policy problems, analyse current policies, bring in international best practices for implementation in the the contexts of the Balkan countries, or discuss the effect and relevance of EU policies in the Western Balkans and in the Europeanisation process. It is recommended for the articles to have a comparative approach addressing aspects of territorial governance in two or more Western Balkan countries, or discussing issues that are relevant to all countries.

For 2021, the Editorial Theme invites authors to propose articles on the topics of resilience, uncertainties, governance and adaptive planning. Articles that focus on disaster risk management in the territory, the impacts of climate change, and resource planning and management ethics during crisis, are particularly welcomed for this year's issue.
